## **New Multi-Bit Screwdriver from VACO™ Ensures the Right Bit at the Right Time**

**October 18, 2023 (Lincolnshire, IL)** – VACO Products, Inc., Driving Performance™, introduces the new 23-in-1 Multi Bit Screwdriver, with common sizes of the most used bits, all conveniently stores in the handle for easy carrying and changing on bits.

### **23-in-1 Multi Bit Screwdriver (Cat. No. VAC1230)**

- Includes 1/4-inch nut driver, and common sizes of Phillips, Standard, Combo Recess, TORX® and Hex bits
- Double-sided bits are made industrial-strength and are housed in the handle to eliminate the need to transport multiple drivers
- Barrel contains powerful Rare-Earth magnets for securing bits and fasteners
- Great wear resistance with stainless steel barrel
- Thumb indentation on driver handle provides comfort and leverage during use

*TORX® is a registered trademark of Acument Intellectual Properties, LLC*

“The variety offered in VACO’s new multi-bit screwdriver provides versatility and ease of use to those who need to get the job done every day,” says Grace Conway at VACO. “This new screwdriver features an integrated ¼” nut driver, a thumb indentation in the handle for comfort and leverage, and on-board storage of industrial-strength double-sided bits.”
