VACO™ Introduces Nut Driver Set with Seven Most Popular SAE Sizes

October 18, 2023 (Lincolnshire, IL) – VACO Products, Inc., Driving Performance™, introduces the new 7-Piece SAE Nut Driver Set, featuring the most popular SAE sized nut drivers, all with magnetic tips and comfortable handles to get the job done easier.

7-Piece SAE Nut Driver Set (Cat. No. VAC7070)

- Features the most common SAE nut driver sizes for a wide range of applications
- Set includes: 3/16-Inch, 1/4-Inch, 5/16-Inch, 11/32-Inch, 3/8-Inch, 7/16-Inch, and 1/2-Inch nut drivers
- Hollow shaft allows for extended driving of hex nuts on threaded rod
- Powerful magnets keep nuts and fasteners held securely during use
- Bold laser etched tips and dome markings make identifying the right size nut driver quick and easy
- Rubberized dual material grip handle increases life of tool with solvent resistance
- Thumb indentation on driver handle provides comfort and leverage during use

“This driver set was designed to give users all the most popular nut drivers in one convenient package,” says Grace Conway at VACO. “All seven of these drivers (which are the most commonly used SAE sizes) have several features to make using them convenient and easy, including laser etched tips and dome markings for easy identification, thumb indentations on the handles to provide comfort and leverage during use, and powerful magnets that keep nuts and fasteners held securely during use.”
